

PANAMA CANAL

Jan. 3rd ~ Jan. 19th 2024

EXPERIENCE AN ENGINEERING MARVEL

Join your fellow Good to Go Travelers as we once again partner with Grand Escapes Travel to bring you one of the most fascinating engineering marvels of the world: The Panama Canal! We cruise this magnificent canal and enjoy so, so much more onboard the beautiful *Holland America Zaandam*.

Our Panama Canal cruises features a full transit of one of the modern world's great engineering wonders. Escape the winter chill and spend 15 incredible days exploring Mexico's cultural treasures, and Central America's intriguing port towns and sampling some of the best coffee in the world. Transit the jaw-dropping Panama Canal and admire the area's breathtaking wildlife throughout the journey.

HAVE A BALL IN HUATULCO Beyond its beautiful bays and beaches, Huatulco serves up iconic Oaxacan dishes, incredible archaeological sites, and more than 225 avian species sure to set birders' hearts aflutter.

CALL ON CARTAGENA This beautiful city's colonial-era fortress and massive city walls are both UNESCO World Heritage sites; however, they aren't the only standouts here. Sample Cartagena's Caribbean-influenced cuisine, shop for Colombian emeralds or relax on the shores of its lovely beaches.

We fly in a day early (on the 3rd) and enjoy an overnight in Ft. Lauderdale. We will transfer to the *Zaandam* on the 4th to begin our adventure as we sail through the blue ocean waters, up through Mexico and then sailing home from San Diego.
